

We're going to lose it if we wait until it gets too light
You're such a pretty boy
Let me show you what to do, and you'll do it
But you gotta move faster
Faster than the speed of nightFaster than the speed of night
Faster than the speed of night
It's all we ever wanted
And all we'll ever need
And it's slipping through our fingers
Faster than the speed of nightFaster than the speed of night
Faster than the speed of night
It's all we ever wanted
And all we'll ever need
And it's slipping through our fingers
Faster than the speed of nightFaster than the speed of night
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
