

# Recognize (feat. JoJo)

## Skizzy Mars

Baby, if I tell you what I want, don't call me crazy  
If I tell you I'm in love, know I ain't playing  
And if you give me your heart, no, I won't break it  
Baby, I, I hope you recognize a real one when you see one  
I hope you recognize a real one when you see one  
A real one when you see one, yeahYeah, tonight I wanna switch it up  
They said I need help, I didn't get enough  
White wine, swishers, blunts  
And your hating girlfriend, chilling in the cut  
They told me you the realest so I had to check  
And I don't lift weights but I had to flex  
Then we had sex  
And we stayed up for three straight nights  
Talking bout shit that's abstract  
Baby, if I tell you what I want, don't call me crazy  
If I tell you I'm in love, know I ain't playing  
And if you give me your heart, no, I won't break it  
Baby, I, I hope you recognize a real one when you see one  
I hope you recognize a real one when you see one  
A real one when you see one, yeahYeah, tonight I wanna switch it up  
They said I need help, I didn't get enough  
White wine, swishers, blunts  
And your hating girlfriend, chilling in the cut  
They told me you the realest so I had to check  
And I don't lift weights but I had to flex  
Then we had sex  
And we stayed up for three straight nights  
Talking bout shit that's abstract  
I love it when you tell me stories  
I love it when you kiss my head  
I love it when we in the club  
I love it more when we're in my bed  
I coulda wrote a love letter  
But I wrote you a song instead  
And I think our timing is fine  
I'm reminded girl, you're the realest  
So we got it so timelessBaby, if I tell you what I want, don't call me crazy  
I won't, I won't  
If I tell you I'm in love, know I ain't playing  
I know, I know  
And if you give me your heart, no, I won't break it  
Baby, I

Baby, I, I hope you recognize a real one when you see one  
I hope you recognize a real one when you see one  
I know you recognize a real one when you see one  
You better recognize a real one when you see one, yeah  
A real one when you see one, yeah Oh, tonight I wanna do it big  
Natural st, all real, we ain't forcing it  
And if we ain't winning then we forfeiting  
Cause we don't take L's, we don't take L's  
Money on the dresser, condoms in the second drawer  
Back in high school I had game but I never scored  
Real with your words so I trust you  
After the show, girl, I really wanna fuck you I love it when you tell me stories  
I love it when you kiss my head  
I love it when we in the club  
I love it more when we're in my bed  
I coulda wrote a love letter  
But I wrote you a song instead  
And I think our timing is fine  
I'm reminded girl, you're the realest  
So we got it so timeless Baby, if I tell you what I want, don't call me crazy  
I won't, I won't  
If I tell you I'm in love, know I ain't playing  
I know, I know  
And if you give me your heart, no, I won't break it  
Baby, I  
Baby, I, I hope you recognize a real one when you see one  
I hope you recognize a real one when you see one  
I know you recognize a real one when you see one
