

# Truth or Dare (feat. Kelis & Pusha T)

## N.E.R.D

Yeah, yeah, yeah  
I'm on the dance floor burnin' up  
Music turn it up  
Baby I'm real hot so  
Is it my turn to touch you?  
Look like you're buzzin on ex with 3D effects  
Baby you look like you have no clue  
Of what comes next Me and my dogs will be there  
Tell your girls prepare to share  
We'll play the dancin' truth or dare  
If someone's standin' there, stare say  
Hey baby what's your name?  
Don't stand lookin' insane  
Do you want to ride the train  
Welcome to the fast lane  
If you're in love beware  
'Cause these people they don't care  
All hands in the air  
This is what we call truth or dare I am the one with the brightest hair  
Leather I don't care  
Baby I, don't ever want to take the shirt off  
That's my dare  
You got a girl but you touchin' me  
Like you don't care  
Baby you do you but just don't  
Get caught out there  
Me and my girls will be there  
Tell your boys prepare to share  
We'll play the dancin' truth or dare  
If someone's standin' there, stare say Hey baby what's your name?  
Don't stand lookin' insane  
Do you want to ride the train  
Welcome to the fast lane  
If you're in love beware  
'Cause these people they don't care  
All hands in the air  
This is what we call truth or dare Come on, come on  
Baby shake it up  
Come on, come on  
Baby shake it up  
Come on, come on  
Baby shake it up

Come on, come on  
Baby shake it up Man, I got ten surroundin' me, houndin' me  
Center of attention a riot it's bound to be  
Though I'm in the middle my jewels, you're bound to see  
In a pool of women, all of them drownin' me  
I'm ho hoppin', flip floppin', ho hoppin'  
Now her head in my lap boppin'  
I ain't one to care, I ain't used to fair  
Baby you can keep the truth choose the dare Yeah, yeah, yeah, yeah, yeah, ooh  
Yeah, yeah, yeah, yeah, yeah, ooh  
Yeah, yeah Me and my dogs will be there, tell your girls prepare to share  
Me and my girls will be there, tell your boys prepare to share  
We'll play the dancin' truth or dare  
If someone's standin' there, stare say Hey baby what's your name?  
Don't stand looking insane  
Do you want to ride the train  
Welcome to the fast lane  
If you're in love beware  
'Cause these people they don't care  
All hands in the air  
This is what we call truth or dare Come on, come on
