

Need

Gavin DeGraw

He tails lights, you slam doors
You think twice oh oh oh oh oh
He thinks plans, you change course
Two damp lights oh oh oh oh oh (Pre-)
But you've got this secret to keep
Like the looks that you steal from me
Say you just don't know what you need
What you need...But baby when you wake up in the middle of the night
With your makeup running riddles from your eyes
You'll see what you need
Baby when you wake up and your breath is still cold
And you need to shout and you want someone to hold
Then you'll see what you need
I'm past tense, don't feel it
Bad turning oh oh oh oh oh
So don't waste time
Yours and mine
Girl watch how we did everything (Pre-)
But you've got this secret to keep
Like the looks that you steal from me
Say you just don't know what you need
What you need...But baby when you wake up in the middle of the night
With your makeup running riddles from your eyes
You'll see what you need
Baby when you wake up and your breath is still cold
And you need to shout and you want someone to hold
Then you'll see what you need
What you need, what you need
What you need, what you need
What you need, what you need
But baby when you wake up in the middle of the night
With your makeup running riddles from your eyes
You'll see what you need
Baby when you wake up and your breath is still cold
And you need to shout and you want someone to hold
Then you'll see what you need
What you need, what you need
What you need, what you need
But baby when you wake up in the middle of the night
With your makeup running riddles from your eyes
You'll see what you need
What you need
