

# Charlotte

## Prince Kaybee

With you  
with you I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
With you  
I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to see Charlotte  
I need to tell Charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to see Charlotte  
I need to tell Charlotte  
you don't need Charlotte  
I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
I need to be alone now  
right now right here with you  
With you  
I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to see Charlotte  
I need to tell Charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte I need to speak to Charlotte  
I need to see Charlotte

I need to tell Charlotte  
you don't need Charlotte  
With you  
with you I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte  
I need to speak to Charlotte  
I need to see Charlotte  
I need to tell Charlotte  
you don't need Charlotte  
I need to speak to Charlotte  
I need to call Charlotte  
I need to tell charlotte  
you don't need Charlotte  
I need to speak to Charlotte  
I need to see Charlotte  
I need to tell Charlotte  
you don't need Charlotte
