

Cheer You On

Jordan Feliz

Right from the start to the finish line
In every season and every time
When all you want is to run and hide
Take a breath, keep your head up high
'Cause I, I will be there always to cheer you on
You can make it, take it, keep moving on
There is nothing you can't overcome
It ain't over yet
I'm gonna cheer you on (hoo, hoo)
I'm gonna cheer you on (hoo, hoo, hoo)
You got the heart of a champion
Don't you know you can do anything?
Your greatest strength will be found within
'Cause I, I will be there always to cheer you on
You can make it, take it, keep moving on
There is nothing you can't overcome
It ain't over yet
I'm gonna cheer you on (hoo, hoo)
I'm gonna cheer you on (hoo, hoo, hoo)
So when my time here on earth is done
Know that my voice will still carry on
And all the angels will sing along
I'll be there to cheer you on
And I'll be there to cheer you on
I will be there always to cheer you on
You can make it, take it, keep moving on
There is nothing you can't overcome
It ain't over yet
I'm gonna cheer you on
Oh, I'm gonna be right there to cheer you on
Hoo, hoo, hoo
Oh, I'm gonna be right there to cheer you on
Hoo, hoo, hoo
