

In The Shadow, In The Light

Enigma

I promise you... for all my life.
I'll be always by your side,
In the shadow, in the light.I'll follow you... wherever life goes.
But I'll always be aside,
In the shadow, in the light.If, we don't understand,
Hell is happy, heaven, is, sad,
And that's, the result of our... of our, of our brain,
Insane.

I promise you... for all my life.
I'll be always by your side,
In the shadow, in the light.I'll be always bn your side,
In the shadow, in the light.Caravan of life,
By day and by night,
Every tile's, a part of life.
Is it shadow or light?I promise you... for all my life.
I'll be always by your side,
In the shadow, in the light.But I'll always be aside,
In the shadow, is the light.
In the shadow, is the light.

In the shadow, is the light.I promise you, I promise you.
I promise you, in the shadow is the light.In the shadow is the light.
