

Fade (feat. Hunting Stories)

Kidswaste

Come on, love
Say what you want to me
It's plain to seeIt's plain to see
That there are words
That we want to reach
They're plain to speak
They're plain to speakSo say what you mean to say
And I will start to fade
Erase the lines that we won't need
So just say what you mean
Say what you mean to say
Darling, all you need
(Hey!)
Is all I need
(Hey!)
Darling, all you need
(Hey!)
Is all I need
(Hey!)I know it hurts
Yeah, I know the way
He crushed you whole
You took that weight
Well, love is here
And here love will be
It's plain to see
It's plain to see
So say what you mean to say
And I will start to fade
Erase the lines that we won't need
So just say what you mean
So say what you meanDarling, all you need
(Hey!)
Is all I need
(Hey!)
Darling, all you need
(Hey!)
Is all I need
(Hey!)
