

# The Doctor

## The Doobie Brothers

I'm a man who lives in the city  
I'm a man who lives in the street  
From F.L.A. to Frisco Bay  
And everywhere in between Coast to coast there's a question  
Everybody's always askin' me  
People want to know everywhere I go  
What can the answer be Music is the doctor  
Makes you feel like you want to  
Listen to the doctor  
Just like you ought to  
Music is the doctor of my soul  
Well it seems that when I travel  
And I'm out there on the road  
The freedom I need is the freedom I leave  
In my good time rock and roll There's a healing in those guitars  
And a spirit in the song  
No matter what condition your rhythm is in  
The message goes on and on Music is the doctor  
Makes you feel like you want to  
Listen to the doctor  
Just like you ought to  
Music is the doctor of my soul If you ever wonder  
How to shake your blues  
Just follow this prescription  
And get the cure for what's ailin' you  
Music is the doctor  
Makes you feel like you want to  
Listen to the doctor  
Just like you ought to  
Music is the doctor of my soul
