

Repeating Motion (feat. Karl Kling)

RAC

When you were young you had so many hopes and dreams about the future
You stood on table tops and screamed profanities into the bleachers
And now you're older
Feeling left behind
Still student to the teacher
Each day it's all the same
You plan to change
But something holds you back
Repeating motion (repeating motion) You can't go on living like this
You've taken chances but could you ever take the risk?
To throw it all away
And give yourself away with it And as the years go by you think of all the times you've let
yourself down
As you get hypnotised by listening to your wallowing in self doubt
Repeating motion (repeating motion)
You can't go on living like this
You've taken chances but could you ever take the risk?
To throw it all away
And give yourself away with it
You can't go on living like this
You've been through hell kid
But you don't feel that it exists
If this is all there is
Lets make the most of it When you've had enough
Will you get what you're
Looking for oh please
No don't be so
Over critical
It's just like you I
Wish I had the words but I'm
Stuck with you
(Repeating motion)
Let's make the most of it You can't go on
Let's make the most of it You can't go on living like this
You've been through hell kid
But you don't feel that it exists
If this is all there is
Let's make the most of it
Let's make the most of it
