RL

Hey, I know we havent spoken much I just um, wanted to tell you that I wanted to see you and  
Im sorry that it didnt work out things just aint the same you know, well, let me explain We used  
to talk alot

Now we hadley even speak  
Harldey even kiss  
Havent made love in weeks  
My heart is getting weak  
Girl it hurts me deep  
Im thinkin should I stay  
Or maybe should I leave  
Youve been wondering how i feel  
You dont know  
Been wondering why im here  
I dont know  
Is this what we both feared  
We dont know  
Is the end to this near?  
Our hearts say no It used to be so right  
We used to be a team  
Talk long everynight  
We used to share our dreams  
I miss those little things  
Its been so long it seems  
But I know i shouldnt leave  
Cause only you got what i need Repeat 2x
