

# Dance Without You

Skylar Grey

So serious all the time  
I feel restrained, I feel confined  
I cannot take your whispering  
Your whispering I wanna dance without you  
For once just let me lose myself  
I wanna dance without you  
For once just let me lose myself  
For once let me lose myself  
So insecure, so uptight  
I break my neck to be polite  
I cannot take your whispering  
Your whispering I wanna dance without you  
For once just let me lose myself  
I wanna dance without you  
For once just let me lose myself  
For once let me lose myself How can I make history with your choreography?  
Take your hands off me  
Take your hands off of me  
Before I suffocate  
I wanna dance without you  
For once just let me lose myself  
I wanna dance without you  
For once just let me lose myself  
For once let me lose myself .
