

Anything

Ledisi

Love means
That anything you go through
I'll always be there with you
Through anything
(Anything, anything, anything, ah)
Cause you and I
No mountain that we won't climb
No battle that we won't fight... no
(Anything, anything, anything, ooo ah)
Don't be afraid to tell me what's on your mind
(Anything, anything, anything, ooo ah)
I made a vow that I'd stay by you for life
So baby say the word and I'll...
I'll do (Any... anything)
For you (Any... anything)
Baby come to me (For any... anything)
(Anything for ya, baby I adore ya)
I'll do (Any... anything)
For you (Any... anything)
Baby come to me (For any... anything)
(Anything for ya, baby I adore ya)
Adore ya, adore ya!
(Anything for ya, baby I adore ya)
Love means
Anyone who tries to curse you
By default they're cursing me too
(So watch what you say about 'em or there's gon' be a problem)
Cause your pain
Is attached to my pain
And I'll do anything to take it away baby
(Anything, anything, anything, ooo ah)
Don't be afraid to tell me what's on your mind
(Anything, anything, anything, ooo ah)
I made a vow that I'd stay by you for life
So baby say the word and ooh I'll...
I'll do (Any... anything)
For you (Any... anything)
Baby come to me (For any... anything)
(Anything for ya, baby I adore ya)
I'll do (Any... anything)
For you (Any... anything)
Baby come to me (For any... anything)

(Anything for ya, baby I adore ya)
Adore ya, adore ya!
(Anything for ya, baby I adore ya)
So baby say the word and I'll do
Anything for you... ahh
Baby call me for any... anything... yeah, hey
I will do anything for you
Hey, hey, hey... anything
I adore you, I adore you, I love you
(Anything for ya) Baby I adore you
Ehh... Anything for ya... for ya...
