

Don't Wanna Look Back (feat. Chrisette Michele)

Tyrese

How come it seems like when it comes to forever
We got to think twice
When I already know that one night without you
Girl Is just enough to make me go crazy Aint that the truth Cause
Cause even If I tried I couldnt fool ya
See every single time I rather choose ya
Cause I know for sure
Through all the love and the war Im your lady Don't wanna wait around just cause we got time
You know I got your heart and you got mine
So why just be alone when we can be alone together
I don't wanna look back and regret
regret anything
and you've been here all this time
I don't wanna look back and regret
regret anything
So lets make the most of all we know today Everything is everything whenever Im around you
boy
and girl I though I had everything
until i pumbed right into you
You can want more
Well its yours
baby your my sunshine when the rain is over
Ill be here through whatever
Cause I know for sure through the love and the war
We'll be together
Don't wanna wait around just cause we got time
You know I got your heart and you got mine So why just be alone when we can be alone
together
I don't wanna look back and regret
regret anything
and you've been here all this time
I don't wanna look back and regret
regret anything
So lets make the most of all we know today Maybe me and you should sit down and talk
cause there's a lot of things going on
Baby I don't want to look back
and regret that me and you didn't make up
Baby Im here Im here
I know you aint going no where
Girl I know we're gonna be right here I don't wanna look back and regret

regret anything
and you've been here all this time
I don't wanna look back and regret
regret anything
So lets make the most of all we know today
