

Juice

Chingy

Whats up y'all? Its Chingy slot a lot in tha house
We got jackpot the pimp in the back
Hey wats up young playas?
We came here today, to address a certain issue
That all you young playas need to kno' about for real Juice these hoes, what? Juice these hoes,
say it!

All my playas grab their nuts and juice these hoes, come on
Juice these hoes, what? Juice these hoes, say it!
All my playas grab their nuts and juice these hoes
You tell her, trick get back, uh trick get back
You tell her, trick get back, for ya ass get smacked
You tell her, trick get back, what trick get back
You tell her, trick get back, for ya head get cracked
You can't fool me hoe, with that movie star role
Take your ass to the store, or get a job and blow
Why should I love ya? Why should I kiss ya?
Gang of cats banged ya, thats why I diss ya
I'mma paint a picture didn't dem gang hit ya
Now you want me to play Suga Daddy off fit ya
Crazy as a mental patient in a wheelchurr
Take that weave out and go get some real hurr
Lets play truth of durr
Is it true that you gave head in tha phone booth
Girl that shit ain't cute, but aww you don't curr
When I'm out I see you shurr
I don't wanna fuck I wanna get in them pockets
By reverse psychology ain't too furr
I claim hip my set ya strip, I check my grip
Trick, send out them lips and them hips
Hoe you can't get a dolla from me, not one dolla
A playa is yo man to be, dats me
You are the weakest link girl you I dont need
Go on bout business
All my cats won't ya say it with me
Juice these hoes, what? Juice these hoes, say it!
All my playas grab their nuts and juice these hoes, come on
Juice these hoes, what? Juice these hoes, say it!
All my playas grab their nuts and juice these hoes
You tell her, trick get back, uh trick get back
You tell her, trick get back, for ya ass get smacked
You tell her, trick get back what trick get back
You tell her, trick get back, for ya head get cracked Done wit that depressiments young minded

aggressive shit

Cats seein' to touch her clit, really don't know who you messin' with

Y'all this ain't no sexual shit, huh disrespectful bitch

Take a look at my neck a lace

Betta' than what you get up for breakfast

You can let them passers hit

Till you reach my measurements neva dealt with pressure pimp

Advertising don't neva simp girls talk doods do it

I ain't here to impress a chick, my lesson is neva sweat a chick

Put 'em up first like leadament I'm a better rich

She betta than girl lets freak than exit chick

She like to be rubbed with Paniten

Talk what she like and get a answer

Hoe you can't get a dolla from me, not one dolla

A playa is yo man to be, dat's me

You are the weakest link girl you I don't need

Go on about business

All my cats won't ya say it with me Juice these hoes, what? Juice these hoes, say it!

All my playas grab their nuts and juice these hoes, come on

Juice these hoes, what? Juice these hoes, say it!

All my playas grab their nuts and juice these hoes

You tell her, trick get back, uh trick get back

You tell her, trick get back, for ya ass get smacked

You tell her, trick get back what trick get back

You tell her, trick get back, for ya head get cracked They did us so many times I gotta do these
hoes

Quit lookin' at me all funny I don't care if you these hoes

This is how I view these hoes came to choose these hoes

Use these hoes for what they worth then lose these hoes

They filled with two piece hoes I know that you see o's

In my check book and my net is usually froze

I like a groupie hoe just come to me show

Hit and run with out child support

Now sue me hoe, 'cuz

Hoe you can't get a dolla from me, not one dolla

A playa is yo man to be, dat's me

You are the weakest link girl you I don't need

Go on about business

All my cats won't ya say it with me Juice these hoes, what? Juice these hoes, say it!

All my playas grab their nuts and juice these hoes, come on

Juice these hoes, what? Juice these hoes, say it!

All my playas grab their nuts and juice these hoes

You tell her, trick get back, uh trick get back

You tell her, trick get back, for ya ass get smacked

You tell her, trick get back what trick get back

You tell her, trick get back, for ya head get cracked Juice these hoes, what? Juice these hoes, say
it!

All my playas grab their nuts and juice these hoes, come on

Juice these hoes, what? Juice these hoes, say it!

All my playas grab their nuts and juice these hoes
You tell her, trick get back, uh trick get back
You tell her, trick get back, for ya ass get smacked
You tell her, trick get back what trick get back
