

Dreamer

The Word Alive

I've forgotten who I am
Afraid it's to late
Was I wrong?
Was there hope along? Can't remember when I felt alive
Illusions turn cold
Lost myself but worse than anything
I woke up on my own
I remember thinking of impossible things
Of never backing down to impossibility
Dreamer
Where have you gone
Dreamer
Will you live on
Dreamer
(Dreamer)
Dreamer come home There nothing left but emptiness
when you realise what you could have been
Kept searching for the right moment
When you just have to live in it
You just have to live in it
Dreamer
Where have you gone
Dreamer
Will you live on
Dreamer
(Dreamer)
Dreamer come home
