

# Depression & Obsession

## XXXTENTACION

Depression and obsession doesn't mix well  
I'm poisoned and my body doesn't feel well  
I hate her, it's hard to love how I feel my stomach turning  
Make out hill, where we met  
We let our lips do all the talking and now I'm nothing  
Depression and obsession don't mix well  
Hollywood motels  
And all I think I'm just obsessed with you  
Depression and obsession doesn't mix well  
Hollywood motels  
And all I think I'm just obsessed with you
