

Three Strikes (feat. Jack McManus)

Afrojack

Like a fighting animal,
I'm about to take you down
Loading up a cannonball
I'mma fire at you now
I really want you, I told you twice
Into the storm I get, get ready to fight
You throw a punch, but I, I got a knife
I'm gonna catch out of my line
One, two, three strikes
You're out!

Like a fighting animal,
I'm about to take you down
Loading up a cannonball
I'mma fire at you now
I really want you, I told you twice
Into the storm I get, get ready to fight
You throw a punch, but I, I got a knife
I'm gonna catch out of my line
One, two, three strikes
You're out!
One, two, three
Get the fuck up!
