

Undo (feat. Jeremih & Tory Lanez)

RL Grime

[Intro: Jeremih]

Undo me baby [Chorus: Jeremih]

Undo that roof, undo that dress

Undo that coupe, I do the rest

Uh, uh, uh, undo me baby

Uh, uh, uh, undo me baby [Verse 1: Jeremih]

Got her off the moon and now she take control

Says she wanna party like we in the hills

Baby, I want you to fuck me like you never did

And licking the glass for me, licking the glass for me, woah

Jump in the coupe, jump with the bands like bop

You say we doin' no talking, got enough bands to pay off the cops

I wanna give it to you, I wanna tickle that box

I'm on the PCH, switchin' lanes, get top with no top

[Chorus: Jeremih]

Undo that roof, undo that dress

Undo that coupe, I do the rest

Uh, uh, uh, undo me baby

Uh, uh, uh, undo me baby [Drop]

Undo me baby [Verse 2: Tory Lanez]

Undo me baby, undo me baby

Tonight, I don't want it, I don't usually baby

Come do me baby, it's too amazing

I'll keep it on her as just long as you won't say shit

She wanna fuck, I might just lick and tickle it and touch it and treat it like she was the blunt

I get in back of that body like I was never tryna be in the front

I know that it's never enough

When I'm puttin' the weed in the blunt and the three in the cup, and I'm over you, fuck
