

1st Class Love

Bobby V

Yea

I know I live in another state, you know?
We live all the way across the country, you know?
It's just soothing I never seen, you know?
Never absent when you the heart of Oklahoma
Check this out Baby I know it's hard out here by yourself
But I'mma do what I can, for you I'm tryna be a better man
And I'll out there soon, don't trip
Trust, I wanna make that trip
And lay up in the bed with you yea
And I'll do everything when you wanna do oh baby yea
One thing I know:
Nobody gets me like you do
Baby, that's for sure (that's for sure)
And I may complain when I'm not with you
Call just to hear your voice (call just to hear your voice)
Tryna fill that void (tryna fill that void, tryna fill that void)
I'm annoyed, gotta make that trip
So I can get to your love
I can't go another night without your lips, your kiss, your touch
It's all you
Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class love
I be on the road
Just hold it out you girl, I gotta let you know
Different city baby, different chicks
But you ain't gotta worry bout shit
Cause with me when I'm in the bit
You the only one in my head
I'm missing you, I gotta take a trip
On the first flight
I can't wait, I can't
One thing I know:
Nobody gets me like you do
Baby, that's for sure (that's for sure)
And I may complain when I'm not with you
Call just to hear your voice (call just to hear your voice)
Tryna fill that void (tryna fill that void, tryna fill that void)
I'm annoyed, gotta make that trip
So I can get to your love
I can't go another night without your lips, your kiss, your touch
It's all you

Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class loveBaby we can Skype
Cause I miss your love
And you got me checking flights
I don't even care of the priceOh I wanna see it, that smile upon your face
Uh, won't you ping me up
You'll see me when I get thereGotta make that trip
So I can get to your love
I can't go another night without your lips, your kiss, your touch
It's all you
Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class loveGotta make that trip
So I can get to your love
I can't go another night without your lips, your kiss, your touch
It's all you
Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class love
Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class love
Riding 1st class love
Riding 1st class love
Riding 1st class, 1st class love
