Sky Blues

REO Speedwagon

I was sittin' on a plane, I was lookin' at the dreary day I saw somebody, she was sittin' just an aisle away She was a first class lady, and I knew that she looked refined My heart started thumpin' louder than the engine whineI got the sky blues-- I'm up in the air Runnin' from a lady who just don't care And all I wanna do is get down to earth with you Oo-oo-oo-oo-oo, I got the sky blues Oo-oo-oo-oo-oo, I got the sky blues Well, I sat down beside her and I told her I was feeling blue I said, "My girl don't want me and it's breaking my heart in two" Well I felt so bad that I didn't even stick around. I said, "We may be flying but heart's draggin' on the ground." Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
