Everybody Wants to Love You

Japanese Breakfast

Everybody Wants to Love You!:Can I get your number?

Can I get you into bed?

When we wake up in the morning

Will you give me lots of head?Everybody wants to love you

Everybody wants to love you!Will you lend me your toothbrush?

Will you make me breakfast in bed?

Ask me to get married

And then make me breakfast again!

Everybody wants to love you

Everybody wants to love you!
