

Coyote Enchantment

Miniature Tigers

Coyote, coyote

Coyote, coyote

Coyote, coyote

Late last night the storm set in
It was whistling from the stove in the kitchen

We went downstairs to pour a drink

Sat by the window to think

Coyote, coyote

Coyote, coyote

Coyote

'Round the time my head came to
Heard a howl in the sky from the moon

Went outside to find some beast

Sat down by the blowing tree

Coyote, coyote

Coyote, coyote

Coyote

Oh, oh, oh, coyote enchantment

There's a heaven there to see

Oh, oh, oh, coyote enchantment

This is something I can see

Coyote, coyote

Coyote, coyote

Coyote
