

# All You (feat. Waka Flocka Flame & Kaskade)

## The Cataracs

It's the Cataracs(Ay) see you looking but you trying to act cool, right  
(Ay) You don't even really care what it do right,  
(Ay) Prolly wanna pick, prolly want 2 right  
(Ay) If the girls get ugly and the mood right  
Lil moon light go ahead and let it go  
I don't mean to come across too sexual, oh, oh  
But that ass is Epic though  
Titanic, Saga, Volcanic, hot lava, we burning up, i can serve it up  
Like Luke, i am your father (ZING!)  
Only if you wanna, take a trip in each others waters  
Take this bedroom and turn it into a sauna  
She's sending me drinks, i fed her one back  
She said ay boy, you're drinking too fast  
And we can take it slow, you'll never be alone  
Just tell me "It's all you tonight"  
Lift me up, all you tonight  
Fill that cup, all you tonight  
Get me through, all you tonight  
All youFLOCKA FLOCKA!  
If i wanna, i'ma get her, send the waitress ova  
quit that bougie shit, girl bend that ass over  
Mister round of applause, i can do it with no hands  
I go hard in the paint, she ain't even gotta chance (FLOCKA!)  
Don't come by yourself, (UH UH!)  
bring a couple friends, sold out shows all In japan  
ask your friends, I'm the man, ask your man  
Drop it! Pop it, down, DOWN!
