

Take Me Away

Hayes Carll

Turning in the night is cold again
Broken down, alone and now
So many things are left unsaid
Misery has always been so strange
Wanna remember
When it wasn't easy to explain Can you... can you take me away
Oh you...
'cause lately i don't wanna stay
So tell me you...
Can you take me to the place i know
Midnight hour's coming to an end
Recognize the reasons why
So many things were left unsaid
Look into the calm before the rain
'cause yeah on better days
Somehow i know that i can change Can you... can you take me away
Oh you... 'cause lately i don't wanna stay
Can you... can you take me away
Oh you... can you take me to the place i know So pick me up and pull me out
'cause i know life can change
But i can't do without
So take control - no you can't let me go
Can you... can you take me away
Oh you...
'cause lately i don't wanna stay
And you
I tell you all the things that i can do
But you look away
