

# Second Solution

## The Living End

Standin' on a streetlight tryin' to get away  
Guilty guilty I hear what you say  
Countin' down the hours but I haven't got the time  
The 23rd precinct jumpin' on the line on the line And what I wanna know  
Is will I get death row  
Or is there a second solution  
What I wanna say  
Is will I die today  
Or will I get... second solution It was never meant to end this way  
One shot violence I hear what you say  
Standin' on the streetlight tryin' to get away  
Guilty Guilty I hear what I say what I say  
And what I wanna know  
Is will I get death row  
Or is there a second solution  
What I wanna say  
Is will I die today  
Or will I get... second solution Standin' on a streetlight tryin' to get away (hey)  
Guilty guilty I hear what you say  
Countin' down the hours but i haven't got the time  
The 23rd precinct jumpin' on the line on the line And what I wanna know  
Is will I get death row  
Or is there a second solution  
What I wanna say  
Is will I die today  
Or will I get...  
second solution second solution  
second solution second solution  
second solution second solution  
second solution second solution  
second solution second solution  
second solution
