## ATB & Flanders

Saturday morning the sun is high so I can underline  
All of my hopes to get out from my tears  
So I, I can brighten  
Will be sunshine in me  
I'm living a life inside a broken life  
Will be sunshine in me  
I'm living a life inside a blinding life  
Everyday morning I can play with the sun but I see you again  
I wanna forget all your lies so I can go ahead, so I am  
I can't stand off it  
I'm turning around the same thoughts behind  
I can't stand off it  
I'm turning around the same thoughts behind  
Saturday morning the sun is high so I can underline  
All of my hopes to get out from my tears  
So I, I can brighten  
Will be sunshine in me  
I'm living a life inside a broken life  
Will be sunshine in me  
I'm living a life inside a blinding life  
I can't stand off it  
I'm turning around the same thoughts behind  
I can't stand off it  
I'm turning around the same thoughts behind  
Everyday morning I can play with the sun but I see you again  
I wanna forget all your lies so I can go ahead, so I am  
I can't stand off it  
I'm turning around the same thoughts behind  
I can't stand off it  
I'm turning around the same thoughts beh
