## **Behind (ATB vs Callea Re-Edit)**

## **ATB & Flanders**

Saturday morning the sun is high so I can underline All of my hopes to get out from my tears

So I, I can brighten

Will be sunshine in me

I'm living a life inside a broken life

Will be sunshine in me

I'm living a life inside a blinding life

Everyday morning I can play with the sun but I see you again

I wanna forget all your lies so I can go ahead, so I am

I can't stand off it

I'm turning around the same thoughts behind

I can't stand off it

I'm turning around the same thoughts behind Saturday morning the sun is high so I can underline
