

# All Under One Roof Raving

Jamie xx

Always thought that you'd cave  
Always thought that you'd cave  
Always thought that you'd cave  
Always thought that you'd cave And we kept it UK  
And we kept it UK And we kept it UK  
And we kept it UK And we kept it UK  
And we kept it UK  
And we kept it UK And we kept it UK Always thought that you'd cave  
Always thought that you'd cave And we kept it UK  
And we kept it UK And we kept it UK  
And we kept it UK And we kept it UK  
And we kept it UK You know right  
We doing what we like You know right  
We doing what we like  
You know right  
We doing what we like You know right, right, right  
right, right, right... Always thought that you'd cave
