

# Boom Draw

Julian Marley

Healing of a nation, I cients  
Whoa, whoa, whoa A boom draw of herb deh by mi bed side  
Open book of scriptures I man won't deny, keep it high  
The grass is greener on the other side  
A good meditation man can't hide Say me have fi catch up all a fire  
Fi go burn di sinting, sinting weh strong  
Mi have fi send fi rizzla  
Fi go burn di sinting, sinting weh strong Forget me have fi send fi a quarter  
'Cause mi find out mi sittin it done  
May have fi send fi a lighter  
Fi go burn down Babylon  
Ey, oh green grade, purple grade, brown grade for me  
High grade, topper grade medicate for me  
Give me meditation, give me vibes in a hurry  
A boom draw of herb keeps me curry Way back in days of old  
Before Babylon entered where plants were grown  
A lickle draw of herb was on Solomon's throne  
You can't tell I and I leave it alone It's like 1, 2, 3 draws for me  
Come take a seat a lickle reasoning with me  
Elevate yourself keep your mind ever ready, steady Well, mi have fi catch up all a fire  
Fi go burn di sinting, sinting weh strong  
Mi have fi send fi a rizzla  
Fi go burn di sinting, sinting we strong  
Forget me have fi send fi a quarter acre  
The lilly bit it done  
Mi have fi send fi a lighter  
Fi go burn down Babylon Oh Kayaman, Rastaman pass me di cutchi  
Chant two psalms give praises to haile  
Anywhere we deh di boom draw we have fi get it  
A could a fresh or pressie Herbs to I is a sacrament  
And if you feel I and I then a message sent  
You have fi class green as intelligence  
The king of kings a we represent Is like east-land, west-land or New Zealand  
Have a good draw coming straight from Westmoreland  
As we blaze it up we see clear to progression  
We no deal with oppression Catch up all fire  
Fi go burn di sinting, sinting weh strong  
Mi have fi send fi a rizzla  
I go burn di sinting, sinting weh strong Forget me have fi send fi a quarter  
The lilly bit it done  
Me have fi send fi a lighter  
Fi go burn down Babylon Oh, run, run, run as fast as you can

You cant catch me I'm the green green man  
Up and down looking everywhere trying ti find me  
But me up in mi high, high mediLike a bird we soar, burn it up galore  
Are you really sure you can burn one more?  
You got to be mature to open up the door  
Got to be secure, got to be for sureMi have fi advertise, it keep mi stress from rise  
Now I visualize, X-ray through their lies  
Cool and gwan observe and mello out your nerveWell, mi have fi catch up all fire  
Fi go burn di sinting, sinting weh strong  
Mi have fi send fi a rizzla  
I go burn di sinting, sinting weh strongForget me have fi send fi a quarter  
The lilly bit it done  
Me have fi send fi a lighter  
Fi go burn down BabylonA boom draw of herb deh by bed side  
Open book of scriptures I man won't deny, keep it high y'all  
The grass is greener on the other side  
A good meditation I man can't hide
