## Alicia Keys

Alicia Keys - The Life

Everyday I realize that this might be the last day of my life

Walking down the street I find that

I'm coming closer and closer to losing my mind

'Cause when it rains, it pours

Isn't life worth more?

I don't even know what I'm hustlin' for

You've gotta do what you gotta do just to make it through

All the hard times that's going to face you

This is the life, striving to survive

This is the life, striving to survive Living will always be a struggle looking for someone true to  
love you

Looking back i see all the horrors, this madness makes me want to hide

I walk slowly, internally, I'm dying

Pillow case is wet from all my crying

There is nothing more to be here for

Take me away, I can't live this life no more This is the life, striving to survive

This is the life, striving to survive This is the life, striving to survive

This is the life, Striving to survive La La La La La La...

(Musical Break) This is the life, striving to survive

This is the life, striving to survive This is the life
