

# A Thing for Me (Breakbot Remix)

## Metronomy

I told you how long we've got  
All the time in the world  
I've got a thing for you  
You've got a thing for me I've got my mind made up  
You've got my heart you know  
You've got a thing for me  
You've got a thing for me I told you how long we've got  
All the time in the world  
I've got a thing for you  
You've got a thing for me I've got my mind made up  
You've got my heart you know  
You've got a thing for me  
You've got a thing for me...  
She's gonna leave at 3  
That's what her friend told me  
Now I can't bear to check the time  
Tonight she'll take my heart home with her  
But I'm not ready to let it go now,  
Oh how long have we got? I told you how long we've got  
All the time in the world  
I've got a thing for you  
You've got a thing for me I've got my mind made up  
You've got my heart you know  
You've got a thing for me  
You've got a thing for me  
For me  
And now it looks to me  
Like she's about to leave  
But as she passes she leans close and says:  
"My boy, you got to keep that chin up  
I'm gonna come back here next week for now  
Just take my telephone number  
Just remember what I told you" I told you how long we've got  
All the time in the world  
I've got a thing for you,  
You've got a thing for me I've got my mind made up  
You've got my heart you know  
You've got a thing for me  
You've got a thing for me For me
