

Apollo (Electro Mix)

Astronaut

Sunlight is not enough
We could burn like a flame through the atmosphere
Yeah

Starlight, it's calling us
Leave the ghosts of our past in the stratosphere
Oh yeah yeah,
It's calling us It's calling us It's calling us It's calling us

Sunlight is not enough
We could burn like a flame through the atmosphere
Yeah

Starlight, it's calling us
Leave the ghosts of our past in the stratosphere
Oh yeah yeah
