We Are the Truth

Mushroomhead

Hatred growing breathing
As the armies mount dead and bleeding
Tens of thousands no concealing
There's a hunger yet no one's eating
You can promise, but our dream's dead
And the rivers they're all but blood red
I can mimic all your speeches
No more lessons learned you can't reach usHatred growing breathing
As the armies mount dead and bleeding
Tens of thousands no concealing
There's a hunger yet no one's eating
You can promise, but our dream's dead
And the rivers they're all but blood red

I can mimic all your speeches

No more lessons learned you can't reach us

Once upon a time or two
I think I lost my mind with you
Too many times to be precise
We take a toke and drink the wine

We got the users over there We got the whores right here

> Right here Right here

We got the whores right hereNow
Listen to me no hard feelings
I can see your skull past the pealing skin
Passion all dead double talking

Yeah we hear your words

No one's walking

We got the users over there We got the whores right here

We got the users over there

We got the whores right here

We got the users over there

We got the whores right here

Right here Right here Right here

Right hereFalse flag attack that
Found guilty through entrapment
Of your commandments
Your cooperation is commended

Since the corporation demands it

Who, are the false

We are the truth

True or false

True, true or false, which one are youOnce upon a time or two

I think I lost my mind with you

Too many times to be precise

We take a toke and drink the wine

We got the users over there

We got the whores right here

Right here

Right here

We got the whores

Right hereHatred growing breathing
