

Fun Girl

Summer Walker

I remember what you told me
Said I wasn't made right
Said I wasn't cut right
That's why? I'm so lonely, mm
Can't turn a ho into a housewife
That I was just a homie, a fun girl
I can still be your day one girl, mm
I don't understand it Takes me out of the categories of marriage
Is it 'cause I know what I want just like you?
'Cause I make my own money and my own moves?
Love who I want and fuck who I choose to
Don't take no shit and won't be used
But I guess that makes me undesirable
Guess that makes you so attractive, oh
Guess that makes me undesirable, oh
Guess that makes you so attractive, oh yeah
Life's unfair
Life's unfair, life's unfair, yeah
Life's unfair, yeah-yeah
Life's so unfair
