

# Wake Up

## AWOLNATION

Wake up  
Wake up  
Wake upWake up  
Well, it's nice to meet ya  
Do you have a name?  
'Cause I would like to teach you, babyAlright  
If it's unfamiliar  
When the sharks are swimming  
We will watch them kill ya, babyYeah, you  
I'm a little shocked  
'Cause I can see the future  
Looking through your eyes  
Tonight  
Don't you fall asleep  
Don't you fall  
It's only gonna take a little timeBefore we start to lose our minds  
We're leaving all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of lineI'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake upWake up  
Well, it's nice to know ya  
Have you learned to fly?  
'Cause I would like to show ya, baby  
Alright  
If it's unfamiliar  
When I taste your face  
Then I can break the mirror, babyYeah, you  
I'm afraid to hide  
'Cause I can live today  
Before I say goodbyeTonight  
Don't you fall asleep  
Don't you fall  
It's only gonna take a little timeBefore we start to lose our minds  
We're leaving all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of lineI'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake upTake some time to breathe  
Let's take some time to breathe

From the desert to the sea  
It's the same for you and me When you say you'd rather bleed  
Is it really what you're thinking?  
Let's take some time to breathe out, yeah  
It's only gonna take a little time Before we start to lose our minds  
We're leaving all the haters behind  
Before the sun decides to hide  
I know you think I'm maybe out of line I'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
Wake up It's only gonna take a little time  
Before we start to lose our minds  
We're leaving all the haters behind  
Before the sun decides to hide  
(You got to know, you got to know) I know you think I'm maybe out of line  
I'm scared to love what we love most  
It's only gonna take a little time  
Before we start to lose our minds  
(Wake up, wake up)
