

A Good Hearted Woman

Waylon Jennings & Willie Nelson

a long time forgotten the dreams that just fell by the way
the good life he promised ain't what she's been living today
but she never complains of bad times and the bad things he's done
she just talks about the good they've had
and all the good times to come chorus:
she's a good hearted woman in love with her good timin' man
she loves him in spite of his wicked ways she don't understand
through teardrops and laughter
they'll pass through this world hand in hand
this good hearted woman lovin' her good timin' man he likes the bright lights the night life
and the good timin' friends
and when the party's all over she'll welcome him back home again
lord she don't understand but she does the very best that she can
she's a good hearted woman lovin' her good timin' man
repeat chorus twice
