Ayy

Yeah bae

Yeah baby I think I fell in love with the Westside, baby

Stop playin', girl, what it do, baby

I got time to screw with you, baby

I swear I might have seen her out my left eye [Post-

Baby girl they hatin' you, baby

'Fore they even knew you, baby

I think I fell in love, your body's crazy, yeah

I know you wanna love, your smile's amazing, yeah

I think I fell in love, your body's crazy, yeah

I know you wanna love, your smile's amazing, yeah

Hit my phone, tell you what you like bae

Ayy and if it's cool, can I spend the night, bae?

Ayy, Kama Sutra, is that what you like bae?

Every detail 'til I get it right, bae

Act 10 down on Mrs. Stuck, bae

Ayy, I beat the right, beat it to the left, bae

Ayy, and when I'm done we should never leave, baby

And plenty girls who want that cake, baby

And damn right I'ma take a damn drink

Ayy, and when you need the love, who is there, bae?

And you need somebody to lean on

You don't wanna smoke green no

Cause I'm puttin' my team on, baby

I'm the nigga you dream of, go ahead get to dream on

Anything you can think of, it appears, baby

King Zoovie here, baby

I think I fell in love with the Westside, baby

Stop playin', girl, what it do, baby

I got time to screw with you, baby

I swear I might have seen her out my left eye I saw, what I seen, what I saw

Lipstick thick hips baby was a boss

Dollars in my pocket I rolls for 11

Godfather to this shit, I'm Russell Simmons

In it, authentic, money I spent it

Split it, baby what a pimp clinic

Choose up or be chosen

Rise like yeast, raised on the east

Best side of the west side of the coast

Getting setty Fetty riding in the white Ghost

Riding through Hollywood  
Dogg Pound dick 'em down  
Baby said the flavor good  
Put it in her now she yellin' neighborhood  
Cuz you know how these hoes flip  
My nigga you know how these hoes get  
That's why I stay fly  
And keep a bad bitch from the Westside  
Left side I think I fell in love with the Westside, baby  
Stop playin', girl, what it do, baby  
I got time to screw with you, baby  
I swear I might have seen her out my left eye Baby girl they hatin' you, baby  
'Fore they even knew you, baby  
I think I fell in love, your body's crazy, yeah  
I know you wanna love, your smile's amazing, yeah  
I think I fell in love, your body's crazy, yeah  
I know you wanna love, your smile's amazing, yeah Your smile's amazing, yeah  
Your smile's amazing, yeah
