

# Purple Brick Road (feat. G-Eazy)

## Raekwon

Forever?  
Money or the fame  
Well I had scars, it's who we are  
It's who we are Purple? on me salute my presence  
DNA is worth a fortune but I've still seen a life of peasants  
I gave y'all style taught you how to be fly  
Go 'head and grace the sky  
Gave you wings to soar like you oughta  
Forever may not exist in the flesh but my music will  
All praises due to the most high  
When my? shocked the world  
Wasn't casper when I said I came through?  
Just because I'm living this life I'm accustomed to it  
Floatin' in them fly cars damn I'm supposed to do it  
Pretty women fall in love with my expensive taste, luxury, lust  
Physical touch by this ace, handcuff 'em  
That's a no no 'cause I don't trust them as far as I can throw though  
Gold diggin' vixens who's in love with the coco  
But fuck it, you know I'm here for this dough though  
Let's pop another bottle of dawn and watch our gross grow  
I love it  
Forever?

Money or the fame  
Well I had scars, it's who we are  
It's who we are Clarity, stones in my bracelets, watches and rings  
From a rich nigga's perspective you know what that brings  
Hatred, what am I supposed to do when I'm so used to shittin' on 'em  
Do I stop because a jealous ass coward wants me to  
Or do I go harder and buy more diamonds and blind his crew  
Fuck it, I guess I do that 'cause I love to make em blue  
Gettin' 'em back stayin' fly, stayin' high  
Do what I wanna, no more strugglin' just to get by  
Yes, fresher than a new born baby's ass  
New money, got my ex wishin' she was never in my past  
I laugh, enjoy these fruits from my labor  
But still feel the strain and pain that be from my labor  
Spent my time to achieve all of the fortune and fame  
And for myself makin' a name  
But deep inside I try to cover up scars to be a shinin' star  
I guess that's just who we are  
Forever?  
Money or the fame

Well I had scars, it's who we are  
It's who we are Forever may not exist but who else is as hot as this  
I played the beat then I tried at this  
Cuban links on my neck and I just put a presidential on my wrist  
This year you haters gonna acknowledge this  
It's G-Rapo and Raekwon  
Told the homies this wouldn't take long  
My verses always just as real as a true story it's based on  
Chopped the blow on the table plenty times  
In the lines that she puts her face on  
And this is not by accident  
Anything can happen if you simply imagine it  
My OG put a torch to the blunt and he's passin' it  
Believe in something, stand for it, or take a knee and stand like Kaepernick  
Anything to get the point across makin' a statement  
You'll only go as far as you take it  
20 years later and we're still slappin' that purple tape shit  
Greatness so close I can taste it, face it Forever?  
Money or the fame  
Well I had scars, it's who we are  
It's who we are
