

Back Then

Citizen Cope

Before the laws and the social orders
Before the calls of our lieutenants arrived
Before the rise of pop culture
Before the guards at the borders Before the expectations
Led to last frustrations
Before the path to salvation was clouded
By the deep depths of temptation Back then
It was alright to pretend
But all we really have is within
And we disguised expected
Back then
Love had a place to stay
It wasn't getting turned away
It took my whole life just to realize
This has to make a way to back then
Back then
Back then
Back then Well holy sons, holy daughters, holy sisters, holy brothers
Holy skies, holy waters
For those who came before us
But on the way to work come before us Before the expectations
Led to last frustrations
Before the path to salvation was clouded
By the deep depths of temptation
Back then
It was alright to pretend
But all we really have is within
And we disguised expected
Back then
Love had a place to stay
It wasn't getting turned away
It took my whole life just to realize
This has to make a way to back then
Back then
Back then
Back then
Back then
Back then
