

# Tear in Your Hand

Tori Amos

All the world just stopped now  
So you say you don't want to stay together any more  
Let me take a deep breath, babe  
If you need me, me and Neil'll be hanging out with the Dream King  
Neil said hi by the way  
I don't believe you're leaving 'cause me and Charles Manson like the same ice cream  
I think it's that girl And I think there're pieces of me you've never seen  
Maybe she's just pieces of me you've never seen, well All the world is all I am  
The black of the the blackest ocean and that tear in your hand  
All the world is dangling, dangling, dangling for me, darling  
You don't know the power that you have with that tear in your hand  
Tear in your hand  
Voice 1:  
Maybe I ain't used to  
Maybes smashing in a cold room  
Cutting my hands up  
Every time I touch you Voice 2:  
I ain't  
Used to  
Crying  
You still  
Sometimes  
Use me Maybe it's time to wave goodbye now  
Time to wave goodbye now  
Caught a ride with the moon  
I know I know you well, well, better than I used to  
Haze all clouded up my mind  
In the daze of the why it could've never been  
So you say and I say you know you're full of wish  
And your "baby, baby, baby, babies" I tell you there're peices of me you've never seen  
Maybe she's just pieces of me you've never seen, well All the world is all I am  
The black of the the blackest ocean and that tear in your hand  
All the world is dangling, dangling, dangling for me, darling  
You don't know the power that you have with that tear in your hand  
Tear in your hand  
With that tear in your hand  
Tear in
