

Feds Did a Sweep

Future

Yeah, I lost so many niggas to the streets this year
Oh, oh, no
I ain't even talkin' about, they ain't even dead
They ain't, they ain't dead
Feds did a sweep, Feds did a sweep
Real niggas linkin' up
Got a few of my niggas in the sweeps
Trill niggas linkin' up
Real niggas linkin' up
Shit ain't gonna be the same, man
Feds did a sweep
Free my niggas
Feds did a sweep
Real niggas linkin' up
Trill niggas linkin' up
Link up, my nigga, let's link up
I done start buyin' more Cubans
These links on me leavin' bruises
I don't fantasize, I make movies
I don't tell lies, I tote Uzi's
I get idolized by these groupies
I treat 'em just like they're regular, yeah
They sneakin' pics on the cellular
Preyin' on me, I'm the predator
Preyin' on me, I'm the predator
Them bands on me, more capital
I gotta go pour up some juice
For my dawgs just went Federal
Give your life for this gang gang shit
Pay a price for this gang gang shit
You should wanna remain nameless
Tryna be Instagram famous
Knowin' damn well these streets painless
Gotta take ya time, ya gang gang
You don't wanna feel my pain
It's gon' drive you insane (Future)
I dread, I prevent it cause man I'm a menace
I know what I did, I'ma finish this
I got the code, I got the remedy
I'm doin' this for infinity
I ain't lookin' for no sympathy
Put a dollar sign on my enemies

You can't come between my embassy
You gotta stay off the premises
I was down and out, and I remember this
It's gon' hurt my soul just to reminisce
Gotta understand what I represent
You know what I mean to the game
Feds did a sweep
Real niggas linkin' up
Trill niggas linkin' up
Link up, my nigga, let's link up
I done start buyin' more Cubans
These links on me leavin' bruises
I don't fantasize, I make movies
I don't tell lies, I tote Uzi's
I get idolized by these groupies
I treat 'em just like they're regular, yeah
They sneakin' pics on the cellular
Preyin' on me, I'm the predator
Preyin' on me, I'm the predator
Them bands on me, more capital
I gotta go pour up some juice
For my dawgs just went Federal
Knocks
Police! We have a search warrant
Police! Police search warrant!
Get on the ground!
Get on the ground, get on the ground!
Get down on the ground!
Gunshots
The Feds did a sweep
Picked the dawgs up like an infant
Got 13 bodies (what else?)
Got 27 damn victims
Burned the eyes out a witness (what else?)
Put your hood on chitlins (what else?)
Cartiers, I got privilege
See the way my dawgs livin'
They always gotta dodge prison
I was born dodgin' penitentiary
I bought my mom French Tiffanys
Gang, gang, we a family
Hold it down for the family
You goin' viral for the family
The homie tried to plead insanity
Pray to God, take this energy
Turn around the positivity
When you servin' for an activity
Better learn about the history
I was touchin' work in elementary
Started cookin' work and skippin' chemistry
Then I started speakin' poetry
I just wish my dawg didn't ignore me

Told youFeds did a sweep
Real niggas linkin' up
Trill niggas linkin' up
Link up, my nigga, let's link up
I done start buyin' more Cubans
These links on me leavin' bruises
I don't fantasize, I make movies (movies!)
I don't tell lies, I tote Uzi's
I get idolized by these groupies
I treat 'em just like they're regular, yeah
They sneakin' pics on the cellular
Preyin' on me, I'm the predator
Preyin' on me, I'm the predator
Them bands on me, more capital
I gotta go pour up some juice
For my dawgs just went FederalReal niggas linkin' up
Trill niggas linkin' up
Feds did a sweep
Link up, my nigga, let's link up
