Keep Me

Khalid

Roses were your favorite flower And I couldn't stand the scent But if it's what it takes to put a smile on your face I guess I'll deal with it You hung with the popular kids And I couldn't stand them But I sucked it up, because I wanted to be more than friendsYou should walk away with me In your heart Keep me in your mind You don't have to speak Of our past, just Keep me in your life Keep me alive Ohhhhh Nooooo Ohhhhh Nooooo We were ridin' down Dyer with my top down Singin' our favorite songs But the funny thing is Every time we did, you'd always get the words wrong And I was your biggest fan You should never forget it I bet your new man Doesn't love you like I did Does he love you like I did? Does he love you like I did? Noooo...You should walk away with me In your heart Keep me in your mind You don't have to speak Of our past, just Keep me in your life Keep me alive Keep me alive Keep me alive Keep me alive

Keep me alive Keep me alive Keep me alive Keep me alive Keep me alive Ohhhhh Nooooo Ohhhhh NoooooYou should walk away with me In your heart Keep me in your mind You don't have to speak Of our past, just Keep me in your life Keep me alive Ohhhhh Nooooo Ohhhhh Nooooo
