

Face to Face

The Word Alive

Forgotten, unwanted, broken memories
confused by a heart that is haunted
Mistaken, fallen, erasing
the history that suffered in silence I just wanted you to know my name
I just wanted you to feel the shame
See you face to face And look me in the eyes, can you see your lies
Tell me you don't remember the son that you left behind
look into these eyes, I hope you always remember
that you were the sacrifice, that gave me a better life
Awakened, you're tortured
slowly drowning in sorrow with empty excuses
You can't, escape this
Every moment you regret I didn't deserve this I just wanted you to know my name
I just wanted you to feel the shame
see you face to face And look me in the eyes, can you see your lies
Tell me you don't remember the son you left behind
look into these eyes, I hope you always remember
that you were the sacrifice, that gave me a better life Life life life I just wanted you to know my
name
I just wanted you to feel the shame
See you face to face
And looking in your eyes, I can you see your lies
Tell me you don't remember the son you left behind
look into these eyes, I hope you always remember
that you were the sacrifice
I hope you always remember
that you were the sacrifice
I hope you always remember
that you were the sacrifice
that gave me a better life
