## Avenged Sevenfold

I slide through the wasteland, that's my world  
My hunger takes your life, preyed on to keep me alive, yeah  
Mercy's all that you need, mercy's empty in me  
Can't you feel the poison rising  
Out of the morning and clear through the night  
You can feel my strength destroy you  
Straight to the heart from the venomous bite  
That's right, I shed my skin tonight but my fangs  
are hard to hide  
And you know that you're going to die, yeah  
Mercy's all that you need, mercy's empty to me  
Can't you feel the poison rising  
Out of the morning and clear through the night  
You can feel my strength destroy you  
Straight to the heart from the venomous bite  
I can't regret, can't escape  
Decisions made for me, no control  
Fire that burns but never dies, yeah  
Wrapped around, I'll bury my fangs inside  
Making my way through the night, you're still in my  
sight  
You're runnin' away 'cuz ya know you can't hide  
My instincts are cold blooded hate, to you I'm the bearer of fate  
Wrong place and now the wrong time, now terror is all that you'll find  
Can't you feel the poison  
rising  
Straight to the heart of the venomous bite  
Cant you feel the poison rising  
Out of the morning and clear through the night  
You can feel my strength destroy you  
Straight to the heart from the venomous bite  
I can't regret, can't escape  
Decisions made for me, no control  
Fire that burns but never dies, yeah  
Wrapped around, I'll bury my fangs inside  
Stay inside tonight  
You're out there all alone  
Vanish from my sites  
Venomous control  
You won't make it right  
My appetite has grown  
Lost your final fight  
No love will be shown  
Stay inside tonight  
You're out there all alone  
Vanish from my sites  
Venomous control  
You can't make it right  
My appetite has grown

Lost your final fight  
No love will be shown
