

She Loves Me

Natty

Intro: (x2)She said she love me but she don't know why
She don't know, She don't know why. Verse 1:I go my own way but still i let you take me home
I love you till the morning but then i'll be done
These streets are my home darling
That's why i'm with them and not with you
I'll walk these streets till my feet turn black and blue
So you can call me a trooper or call me a lost soul
'Cause everywhere i roam, is my home
She called me many name but still i stay the same
And she said you'll never see me again, but okay
So I... Smile and wave goodbye
While she... Smiles trying not to cry
And still she don't know why.

Chorus:

She said she love me but she don't know why
She don't know, She don't know why. (x4)Verse 2:She said the only way i communicate is
through my song
Well she likes to talk and i hate to listen but she just carries on
Bah dah dit dah dit dah day, scum dum diddly dee dah day
Yes I communicate through song
She says unemotionally I "?" myself
And that my pride is too strong
So I and I stand alone, Yes I continue to womanise
I give them a bit of my soul, for a piece of their pie
And still she, she calls me from time to time
Asking herself "Why oh Why"
Chorus: She said she love me but she don't know why
She don't know, She don't know why. (x3)She said she love me but she don't know why (fading)
