

Circle of Peace (feat. Stephen Marley)

Ziggy Marley

Stand in the circle of peace
'Cause only the willing will see their dreams, yeah
Stand in the circle of peace, come on
And only the willing will see their dreams
Skeptics say it can't be done, eh
We proving them wrong, is so much fun
What would you not do for what you believe
For the sings of society, the children aren't guilty, no
Stand in the circle of peace, yeah
'Cause only the willing will see their dreams, I got to get it on
Stand in the circle of peace, need it strong
And only the willing will see their dreams
There comes a time you got to face the test
And know in this effort that you cannot rest
For my inaction there is no defense
For my action there will be consequence, yeah
I stand in the circle of peace, one more time
'Cause only the willing will see their dreams, only the willing
Stand in the circle of peace, come on, come on
And only the willing will see their dreams, brother ragga
Know we got the way I say you know
we got the means
Because it ain't as hard as they make it seem
You know we coming good I say you know we coming clean
Because it ain't as hard as they make it seem
You know we flying straight because we never flying lean
Because it ain't as hard as they make it seem
We lifting up the green we putting down all the machine
Because it ain't as hard as they make it seem
Conquering lion so we trample the beast
Garvey done tell we say fi look to the east
Least is the most and the most is the least
When you living in a world of peace, yeah
Stand in the circle of peace
'Cause only the willing will see their dreams, come on
Stand in the circle of peace, will is strong, yeah
And only the willing will see their dreams, hey
Stand in the circle of peace
'Cause we know, 'cause we know
'Cause only the willing will see their dreams, oh
Stand in the circle of peace
Our will is strong, yeah
And only the willing will see their dreams,
I got to get it on
Stand in the circle of peace
'Cause we know, 'cause we know
