

Til Death (Denzel Park Extended Mix)

Wynter Gordon

Might as well burn the club down tonight
Kill me with the beat til daylight
Let it get hot, I'ma stay inside
Til death do we party, with the music I die Pour a little more into your cup
The sweeter the juice the better your luck
Let's get loud as we celebrate life
Til death do we party, with the music I die Oh my mind
Yeah, I'm losing it
Take my life
But I'm cool with it
So high on the music
So alive, I don't know what to do with it
Movin' my body like I'm winning a fight
Like dancing with the devil, I can do this all night
Wearing all black like a brand new bride
Til death do we party, with the music I die Oh my mind
Yeah, I'm losing it
Take my life
But I'm cool with it
So high on the music
So alive, I don't know what to do with it Oh my mind
Yeah, I'm losing it
Take my life
But I'm cool with it
I really don't care, I'ma go all night Til death do we party, with the music I die
Whoa, oh, whoa, oh, whoa, oh, whoa
Whoa, oh, whoa, oh, whoa, oh, whoa
Whoa, oh, whoa, oh, whoa, oh, whoa
Whoa, oh, whoa Let the music release our pain
With the music we're all born again
With the music we die
With the music we fight
We surrender ourselves here tonight Oh my mind
Yeah, I'm losing it
Take my life
But I'm cool with it
So high on the music
So alive, I don't know what to do with it Oh my mind
Yeah, I'm losing it
Take my life
But I'm cool with it
I really don't care, I'ma go all night

Til death do we party, with the music I dieI die, I die
Til death do we party, with the music I die
I die, I die
Til death do we party, with the music I die
