

Young Boy (feat. Machel Montano)

Calypso Rose

I want a young boy
Angela Why you weeping, why you cryin, why yuh bawling
Behind your husband
Now he's dead and gone
So much misery until it was sad inside
So much pressure he gave you
You couldn't abide
Now he dead and gone woman you free
I beg you please don't hold grief
Who you looking for?
Young Boy
You will cry no more
Young Boy
To spend yuh money
Young Boy
And call you honey
Young Boy
Who will wipe yuh eye
Young Boy
And tell you don't cry
Young Boy
Who will kiss you in yuh ear
Young Boy
And call you my dear
Pick yuh number, pick yuh number
You want ah old man or somebody younger
You want a man feh go put you right under
Rev out yuh engine like a thunder
Listen to me Sandra, yes Casandra
Little Boy Joe might not be the answer
After the wine and dine with the
lobster he might pack up and run off after
She say the younger the younger the younger the youth
She say the stronger the juice
She say the longer the mood
Especially when she under she boost
Remember when he leave you and
forsake you for no reason for a girl name Sue
Who younger than you
Who you looking for? Young Boy
You will cry no more
Young Boy
To spend yuh money
Young Boy
And call you honey

Young Boy
Who will wipe yuh eye
Young Boy
And tell you don't cry
Young Boy
Who will kiss you in yuh ear
Young Boy
And call you my dear I want a young boy
I want a young boy If you see dem young Boys
Look how they wining, they grinding,
they groaning and they rolling they hips and
they wining and they giving and they hitting
All The young Boys
Give me the Young Boy
