

# First Flight Home

Jake Miller

Yeah

I hope you still remember what I look like  
I haven't seen you in a minute  
Last night I had the kind of dream that you just don't wanna wake up from  
and that's cause you were in it  
So this morning when I woke up it felt more like a nightmare cause when I rolled over I  
thought you'd be right there but nope  
I'm just laying here alone  
on my own wishing I was on the first flight home I'll be home in no time  
I promise when I touch down it'll be like I never left singing  
I'll be home in no time  
By the way check your phone cause I just sent you a text saying  
Hey I know I've been gone forever,  
I'm coming home tonight  
We'll be back together this plane gone fly  
I can't predict the weather  
But you should know that I  
I'll be on the first flight home  
I'll be on the first flight home And I bet if I left right now  
I'd probably make it to you by the morning  
So I'm packing up my bags hopping on this red eye  
I'll be there before your eyes even open  
Hurry up and tell the pilot to take off  
So we could pick up right where we left off  
I can't believe it I'm finally on my way  
Feels so damm good to be able to say  
I'll be home in no time  
I promise when I touch down it'll be like I never left singing  
I'll be home in no time  
By the way check your phone cause I just sent you a text saying Hey I know I've been gone  
forever,  
I'm coming home tonight  
We'll be back together this plane gone fly  
I can't predict the weather  
But you should know that I  
I'll be on the first flight home  
I'll be on the first flight home  
I'll be coming back tonight keep your head up to the sky cause'  
I'll be on the first flight home  
I'll be on the first flight home Yea and I now pull up to your driveway  
Been a while since I've been on this block  
And now I walk up to your front door

I know you recognize that same knock  
I hear you running down the stairs now  
Tears running down your face  
Then you open up that front door  
And I look at you and say Hey I know I've been gone forever  
But I'm finally home tonight  
Now that I'm here I'm never leaving your side  
I told you I was coming  
Sorry it took so long  
I was on the first flight home  
I was on the first flight home Hey I know I've been gone forever,  
I'm coming home tonight  
We'll be back together this plane gone fly  
I can't predict the weather  
But you should know that I  
I'll be on the first flight home  
I'll be on the first flight home  
I'll be coming back tonight keep your head up to the sky cause'  
I'll be on the first flight home  
I'll be on the first flight home
